

WHAT'S IN THE WORKS at Tahawus Center?

E-MESSAGE TO ARTISTS OF THE NORTH COUNTRY

We want to make known the availability of the *Windows Gallery space* in the Northern Adirondacks, located at 14234 Rt. 9N (Main Street), on the 2nd floor of the Tahawus Center in Au Sable Forks. [Map/ Card \(link\)](#)

The Windows Gallery over Main builds a broad audience for contemporary art through multi-disciplinary visual installations. The Gallery creates an ideal situation for artists to further develop new and old work in a flexible environment, and brings the community together to talk about, celebrate, and ponder the creative process. You can visit the [Windows Gallery](#) webpage to find out more about past exhibits. Click here for [Gallery specs and description](#).

The Windows Gallery is a rental, co-production opportunity, and curated, and/ or sponsored enterprise, designed to showcase the creative output of Ausable Valley, in solo, joint, and group shows, using relevant themes which tap into many segments of the population. Tahawus presents installations and works by local and visiting artists. Themes, medium and expression are *as varied as the individuals who participate*. Exhibits generally extend three to six weeks, open mostly weekends, and in addition other times by appointments with artist present. Tahawus provides local and regional marketing efforts in the artists' behalf.

Joint exhibits are advantageous because the space is large and movable walls make flexible arrangements to divide the space. Artists maintain their own gallery open hours.

We welcome inquiries. [Call for Proposals](#) (link)
Please contact the Tahawus Center for further information (TahawusCenter@gmail.com)
